

# New Pool Policies

Updated 1/19/21

Dear members,

Due to increasing demand for the pool, and Covid-19 restrictions, we're updating our pool policy for the short term.

1. We're asking members to please NOT bring guests to the pool for the near future. **Currently guests keep other Bay Club members from using the pool, given our social distancing requirements.**
2. Please socially distance in the locker room, in the pool, and on the pool deck at ALL times –occasionally-- **this will mean taking a bench/chair before using showers or pool, while you wait.**
3. Senior aqua size will be limited to 9 people per class – please reserve a spot at the front desk. **Aqua size classes are different in nature, then self-directed swim times.**
4. Family swim times will be limited to a maximum of 8 social bubbles- socially distance at 8ft apart at all times. **Depending on the size of the number of individuals in each specific social bubble: we will add or eliminate social bubbles to maintain social distancing during any specific family swim time as required to maintain social distancing.**

Hopefully, this will give families more opportunities to use the pool.

5. Please wear your masks whenever possible when in the locker rooms and or transiting throughout the club.

**As of Feb 1, 2021, 1 week memberships will not be given access to the pool for the remainder of the pandemic.**

**Currently, 1 day guest passes are not given access to the pool.**

Thank you for helping us maintain a safe club for community, we appreciate all your efforts to keep the club safe during these trying times! Please email us at [info@homerbayclub.com](mailto:info@homerbayclub.com) with any questions or concerns.
